ADMINISTRATION DIRECTORATE REVIEW: TRENDS AND HIGHLIGHTS

Evaluation

COURSE OBJECTIVE

The objective of this course is to update DDA careerists' awareness and understanding of current activities, problems and trends in the Administration Directorate and its components.

- A. Please indicate on this numerical scale how well in your estimation, the course has met its objective. (Number 1 is the lowest, number 7 is the highest.)

- B. Please describe how you see the program benefiting you.

The course provides additional insight into the other components of the DDA and specifically what services they render each other and the other directorates.

- C. Given your present assignment, what segment of the program did you find least useful?

The Commo Tour, while interesting and of informational value would seem to have the least effect on my present position.

(See Reverse Side)

D. Did you feel the session on the Administration Directorate/
Management & Advisory Group (AD/MAG) was beneficial? Why?

Yes, in terms of learning why the group is there and exactly what it does. It would appear to have a somewhat restricted role and would seem to possibly overlap some of the responsibilities of other Agency staffs.

E. We welcome your suggestions for improving this course:

I feel that OMS is one of the least known offices and should be provided more time particularly in the areas of psychological and psychiatric services.
